	Start	End
Sun 3/29	10:00 AM	3:00 PM
Mon 3/30	9:30 AM	12:00 PM

Many of you experienced technical problems when you tried to buy plants at our fall plant sale. The demand on our system was overwhelmed with so many orders simultaneously. We apologize and are working hard towards solutions. This upcoming sale we are working with a new service provider to improve the website performance. We believe this will improve the shops functionality. Here are some tips for shopping the online plant sale.

- **Research** species habits and requirements ahead of time through Calscape.org
- **Available inventory** will be updated a week before sale date and time here <https://sacvalleycnps.org/plant-sales/>
- Before sale begins, create **prioritized wish list on the website**. Each plant's detail page (displayed by clicking on the plant's photo or name) has an "Add to Wishlist" button. When the sale starts you can use the menus to open your wish list and quickly add them to your cart (News & Events > Plant Sales > View my Wishlist).

- **Sales tax is included** in the base price of the plant.

2 inch	\$3.50	Deepot 40	\$7.00
<u>Annual</u> 4"	\$3.50	4x4x6	\$11.00
Deepot 16	\$3.50	1 gallon	\$15.00
2x2x5"	\$7.00	Treepot 4	\$15.00
4"	\$7.00		

- Don't worry, if you placed multiple orders, **your orders will be combined for pick-up**, and you will pick them up at the earliest time you chose. For safety reasons we ask that you remain in your car until we start loading. For larger orders >40 plants pick-up will be arranged closer to the nursery. Bring boxes or containers to stabilize your plants during transport.
- Please have **patience** during the first hour the sale opens. If the site is a little slow at checkout, please don't click any buttons a second time or you may get a second duplicate order. Our new system will hopefully react to this high demand for a better experience this year but we won't know until we try in real time.

Thank you for your patience and support. Our team of dedicated nursery volunteers put a lot of care and time into each plant that is purchased. We've done our best to improve this year's plant sale experience. Let us know how it goes this year by emailing comments to Chris Lewis, cnpschris@gmail.com.
