

Sacramento Valley Chapter California Native Plant Society

STEWARDSHIP PARTNERSHIP Weed Removal + Habitat Enhancement

The Sacramento Valley Chapter of the California Native Plant Society promotes protecting native plants and their habitats and increasing the use of native plants in gardens and public spaces in Sacramento, Sutter, Yuba, lower Placer, and northern San Joaquin Counties. We accomplish these goals through conservation, education, science, advocacy, horticulture, and land stewardship.

Stewardship Partnerships

The goal is to partner with local groups and Sacramento Regional Parks to improve habitat in neighborhoods along the American River Parkway. We're making a blueprint for stewardship. Partners needed: 1. Sacramento Valley CNPS Stewardship Coordinator: (OPEN); 2. a Neighborhood or Community Group; and 3. Sacramento County Regional Parks Department.

The Sailor Bar Stewardship Partnership

Sacramento Valley CNPS Stewardship Coordinator: (OPEN)
Friends of Sailor Bar: Jodi King, President, and through Jodi:
Sacramento County Regional Parks

Collectively we will work to remove invasive weeds and, in the fall, plant seeds and plant starts from the Sacramento County Regional Park's American River Parkway approved list. This work is done by community volunteers; it is not restoration. We are improving biodiversity by decreasing invasive plants and increasing native plant habitat. It is a community building activity. And the long-term success will be the community members caring for their area.

I have been working with Friends of Sailor Bar volunteers to pull weeds in the first location.

Sacramento Valley CNPS will provide:

- plant identification (weed species to target + native plants)
- tools
- plants
- workday snacks
- and advertise work events through our eNewsletter and our social media.

Friends of Sailor Bar provides:

- familiarity with site
- interest in improving the native plant habitat
- advertise work events on their website and on social media.

Sacramento County Regional Parks:

- access
- dumpsters
- logistical support (not defined yet!)
